

# OVAl CONCIERGE

January 4, 2015

We are a concierge company on the lower east side called Oval Concierge. We service over 12,000 residents in about 110 buildings. We have been working with Seamen's Moving since 2008. During this time of working together Seamen's Moving has been nothing short of professional, honest, and extremely reliable. Residents who used Seamen's Moving gave positive feedback from the customer service in the office, to the moving team, to the move itself!

I am the supervisor at Oval Concierge and recently moved. I used Seamen's Moving and couldn't be happier I did. From their early arrival to their afternoon departure, every procedure they made, every interaction with me, and every item they prepared for movement was done with courtesy, extreme efficiency, and tireless diligence.

Thank you for going above and beyond the call of duty to be helpful. The team you sent to move my belongings could not have been any better.

We are grateful for companies like Seamen's Moving which carry an A+ rating with the Better Business Bureau who can extend superb service to our clients which in turn, makes us shine!

Best Regards,

Natalie Vargas

Concierge Supervisor | Moving Coordinator
